[Video Tutorial: How to Request a Book](#) 

You will need to be logged into your Bookshare account and be a member from the U.S.

We appreciate when you search the collection before making a request. If you're new to searching the collection, we have [tips](#) that can help. Note that Bookshare may have alternate editions available in our library. We highly recommend using these alternate editions if possible as they are immediately available.

If the book you need is not in the collection, fill out a [book request form](#). Title and/or ISBN are required; it is helpful if you have author, publisher and copyright year as well. If we need additional information to fulfill your request, we'll contact you promptly.

We encourage students and educators to place requests as early as possible for upcoming school terms. Your request will go through many stages to be converted into an accessible format, and we cannot guarantee a specific turnaround time.

After you submit your request, you will receive an automated confirmation email with a **case number to use for further reference**.
