## Questions?

---

Q: When would I copy the Reading List rather than subscribe to it?

*A: If you want to make changes to a Reading List, such as removing books or adding books, you can copy the list, rename it, and make these changes. Copying a list takes a “snapshot” of it at that point in time. Bookshare may continue to add books to their public Reading List, but these will not be added to your copy of the list. For this reason, in some cases, you may prefer to BOTH subscribe to Bookshare’s list and also make a copy of it that you can edit.*

Q: Will there be more Reading Lists to which I can subscribe?

*A: Yes! Bookshare is actively working on adding more Reading Lists. We hope that you will like these new additions that make it easier to discover books. Keep checking back at [www.bookshare.org/cms/browse](http://www.bookshare.org/cms/browse).*
