Problem: Printed Text Doesn't Work for All

- At least 5% of your district's students experience a barrier to reading printed books
- Ebooks are often just as problematic as printed books
- Need to consume content in different ways
- Need access to the same materials, at the same time, as their peers

Bookshare is...

...an ebook library that makes reading easier. People with reading barriers such as dyslexia, blindness, and physical disabilities can read in ways that work for them:

- Listen to books read aloud
- Follow along with audio and highlighted text
- Read in large type
- Read in Braille

Bookshare Offers...

- 650,000+ titles! (~5K titles added each mo.)
 - Textbooks
 - Books for assigned and leisure reading
 - Books for “upskilling”
 - Periodicals
- FREE memberships for all qualified U.S. students of any age (funded by U.S. Dept of Education)
- Many FREE, low-cost, and commonly available reading options

Who Qualifies?

- Anyone certified by a **Competent Authority*** as having a qualifying condition that hinders reading/processing printed text, such as:

- Learning Disability that affects reading, e.g. dyslexia
 - Need for Reading Accommodations is a good leading indicator
 - Low Vision / Blindness
 - Physical disability that affects reading
- Learning Ally Members automatically qualify!

*Examples of Competent Authorities: AT Coordinator, Dyslexia or Reading Specialist, Special Education Teacher, Teacher of the Visually Impaired, Librarian, Psychologist, family doctor, ophthalmologist, etc.
