Step 3: Assign Books

Books can be assigned individually, or in groups of books at one time via Reading Lists. You can create custom Reading Lists for one student or a group of students, and you can also subscribe to ready-made Reading Lists that Bookshare offers. To learn how to subscribe to Bookshare’s ready-made Reading Lists, see the How to Guide: Subscribe to or Copy Reading Lists.

1) To assign one or more books at time, find the book you want to assign to your student and select the “Assign” button.
2) Select the name(s) of the student(s) to whom you wish to assign this book and select “Assign.” Repeat as necessary.

3) To assign a group of books, use the Reading List feature. To create a Reading List, select “My Reading Lists” on your “My Bookshare” page.
4) Select “Create.”

5) Give your Reading List a name, and, if you wish, a description, and choose a sharing option. Select "Member" to share the list between you and your student(s) assigned to this Reading List, or "Org" to allow other Sponsors to view the list, add books to it if desired, and share it with their students. Then select “Save.”

6) Select the appropriate member name(s) and select the "Add Selected Members" button.
7) Select the "Titles" link to add books to the Reading List, then select "Add Books."

8) Search for a book, select the title(s) you wish to add, select the book(s) then "Save and Close."

You have now added qualified students and assigned books. Your students are ready to read!
Step 4: Students Read

In this section, you will learn how students can read quickly and easily with Bookshare Web Reader in a web browser on a Mac, PC, or Chromebook. However, there are many ways to read Bookshare books. This "Reading Tool" wizard can help you determine what tools will work best with your students’ devices.

Bookshare Web Reader allows students to read quickly and easily in an Internet browser without downloading software or books. For a reading experience that includes self-voicing with word highlighting, we recommend using Bookshare Web Reader on the following browsers:

- Google Chrome version 33+
- Safari version 6.1+
- Google Chrome version 14-32 (Bookshare Chrome Extension installation required)
- Chromebooks version 14+ (Bookshare Chrome Extension installation required)

For a student who typically uses a screen reader, we recommend opening Bookshare Web Reader in Internet Explorer and using the screen reader that the student typically uses.

To read in Bookshare Web Reader, students:
- Log in to Bookshare with the user name and password created by the Sponsor.
- Read books assigned to them, on a Reading List or books previously downloaded for them, found under "My History" on their "My Bookshare" page.

1) Books that have been assigned using the “Assign” button are found under “Assigned Books” link.
2) Books that have been assigned on a Reading List can be accessed by selecting the "Reading Lists" link or the "My Reading Lists" link on the left-hand section of their screen.

3) Students open the appropriate Reading List, find the desired title, and select "Read Now."
4) Next, Bookshare packages the book and prepares it for reading in their browser. Depending on the size of the book, it may take 30-60 seconds. The book will then be ready to be viewed – and heard – in the Bookshare Web Reader.

5) To hear the book read aloud, students select “Play.”

6) Students can use the settings button to change the font size and/or text and background color combination, if desired:
7) Students use the Table of Contents icon to select where they want to start reading.

To read in a Bookshare-integrated application, students:

1) Log in to the reading application.
2) Search for the book using the tool’s search function. (Note: In Dolphin Easy Reader, students will find the “Reading Lists” link just as they do when they log in to the Bookshare website. In VoiceDream Reader and Capti Narrator, students can see in “History” the books that have recently been downloaded for them or that they opened in Bookshare Web Reader.)
3) Download the book through the tool’s download function and read!

Bookshare provides video tutorials for several reading tools under the “Read Books” section in the Training Resources Library. You can also view a complete list of Bookshare-compatible reading tools.
