Make reading and learning easier

Bookshare's accessible talking ebooks remove reading barriers - decoding, seeing text, holding books - so students can focus on learning.

Why Bookshare?

100% accessible

Designed for students with learning, visual, and physical disabilities.

Time-saving

Save time sourcing or remediating learning materials on your own.

Assisted reading

Multimodal reading experience that can be personalized to student needs.

Lifelong impact

Increase student reading proficiency and learning independence.

Huge collection

Access all your students' books and learning materials in one place.

Free for U.S. schools

Funded by the Office of Special Education Programs (U.S. Dept. of Ed).

No IEP or 504 Required

To join, students must have a qualifying disability that prevents them from reading print, like dyslexia, blindness, low vision, or physical disability.

My students with learning disabilities like dyslexia rely on Bookshare to access grade-level materials that they cannot decode or read independently. We do not have enough staff to read with them so we rely on this tool immensely.
